

HAFNER Steel wool knives

Precision and expertise for over 60 years

For more than six decades we have been manufacturing high-quality steel wool knives and have extensive expertise. This enables us to offer products of outstanding quality with a well-balanced price-performance ratio. Our HAFNER steel wool knives ensure uniform creasing at all required pitches. We are the only manufacturer to offer a pitch of 0.06 mm, which corresponds to 420 grooves per inch and makes the benchmark for the highest precision in the industry.

Technical specifications and dimensional data for grooving:

Wool No.	Graduation	Grooves per inch
0000	0,06	420
	0,07	360
000	0,08	320
	0,09	280
00	0,10	250
	0,11	230
0	0,12	210
	0,13	195
	0,14	180
1	0,15	170
	0,16	160
2	0,18	140
3	0,20	127
	0,22	115
4	0,25	102
	0,28	90
5	0,30	85
	0,35	72
6	0,40	63
	0,45	56
7	0,50	50
	0,55	45
8	0,60	42
